[Note: Names in brackets at the end of some entries name the presiding priest and will also serve to show how long that priest was at Détroit. Names are as written in the original parish register. Additional material, in brackets, is the transcriber's comments. The dates given are burial dates. In several of the following records, the information recorded by the presiding priest is incorrect. For several of these entries, I have noted corrections and additional information in a footnote. In some cases, there are discrepancies in the entries in Denissen for specific families. Some of those discrepancies are also noted in a footnote.]
